

LIFE STYLE RALLY

FOR ALL THE FAMILY, FOR YOUNG PEOPLE
& FOR THE YOUNG AT HEART!

Rallyeone! PART 2

FROM THE 14.05 UNTIL THE 17.05.2015

The Black Forest

The Black Forest is open to us. The smallest roads are our routes. Lots of untouched nature and the charm of the cobblestoned mediaeval towns. And amongst all that: You with your old-timer....as if it was always like that.

Alsace-Lorraine

Along the River La Zorn enjoying the charm of Alsace-Lorraine. The landscape looks like out of Michael Ende's book "Momo". Giant fern, the crystal clear river La Zorn, white clouds over cliffs and gorges. An area resembling a creation by Master Hora for his Cassiopeia.

36 kilometres (something for the experts) only for "Rallye one!" participants – and it's no wonder, that not only the Alsatian are of the opinion that this stretch of road is counted as one of the absolute dream-roads of the area.

Molsheim: ... how to approach a legend. Visiting **Bugatti's**.

For those who are taking part for the first time: **Rally training for professionals.** So that the Chinese signs lose their scariness and the hundredths of seconds turn to fun. **That's's the way it is at "Rallye one!" PART 2.**
